TRANSFER ORDER

MADE UNDER PART V OF THE *CONNECTING CARE ACT, 2019, S.O. 2019, CH.5, SCHED. 1*

ISSUED TO:

CENTRAL WEST LOCAL HEALTH INTEGRATION NETWORK

(the “Transferor”)

-and-

ONTARIO HEALTH

WHEREAS:

- I. In furtherance of the Government’s plan to implement a new model of integrated health care delivery in Ontario, the Legislature enacted the *Connecting Care Act, 2019* (the “CCA”) under which a single provincial agency – Ontario Health – will assume centralized responsibility for most of the functions of more than twenty health agencies, including the Transferor;
- II. Subsection 40(1) of the CCA confers authority on the Minister of Health (the “Minister”) to issue orders transferring all or part of the assets, liabilities, rights and obligations and all or some of the employees of the fourteen local health integration networks (LHINs), including the Transferor, into Ontario Health;
- III. The Minister intends to issue a series of orders under the CCA to transfer the LHINs’ health system funding, planning and community engagement functions (“Legacy Functions”) to Ontario Health effective as of April 1, 2021;
- IV. Following the transfer of the LHINs’ Legacy Functions into Ontario Health, each of the LHINs will continue to operate under a new registered business name – Home

and Community Care Support Services – with a narrowed mandate to deliver and arrange patient services for an interim period until these services transition into Ontario Health Teams or other points of care over time;

- V. Under subsection 40(3) of the CCA, the Minister provided Ontario Health and the Transferor with a notification letter dated August 15, 2019 advising of the Minister’s intention to order the transfer of parts of the Transferor into Ontario Health in furtherance of the government’s health system transformation plans; and
- VI. The Minister now wishes to order the transfer of certain employees, assets, liabilities, rights and obligations of the Transferor into Ontario Health, as specified within this Transfer Order, effective as of **April 1, 2021**.

NOW THEREFORE:

 - b) the following assets, liabilities, rights and obligations be transferred to Ontario Health:
 - i. the Legacy Functions Accountability Agreement;

3. Voluntary Integration of Health Service Provider. Where a health service provider has provided notice to the Transferor of a proposed integration under section 27 of LHSIA and the Transferor has not yet responded to the notice in accordance with that section or has requested further information in respect of the proposed integration, the Transferor shall inform the provider in writing that the provider is required, as of the Effective Date, to give notice of the proposed integration to the Minister in accordance with section 35 of the CCA, subject to any delegations made under section 2 of the CCA. The Minister or her delegate, Ontario Health, as applicable, will consider and respond to the integration notice within the timelines specified under section 35 of the CCA.

4. Resolution of Issues. In the event that any issue arises respecting the interpretation or implementation of this Transfer Order that cannot adequately be resolved through discussions and agreement between the Transferor and Ontario Health, the issue shall be referred to the Minister for a decision. The Minister may request, in the Minister's sole discretion, that the Transferor and Ontario Health provide a written description of the issue and of their respective positions if the Minister believes that this would assist the Minister in determining an appropriate resolution.
